1.1.110
a Lesson in the University of The New Covenant
Theodore Cottingham, October 3, 2003
www.unc.bz

1. Ted, they're all, almost all, almost all, trying to do what I want—backward. They're going to money—mammon, and intellectual support models of mammon to find what I want done—to fund My work, to fund My will. And Ted, it'll never work, it'll never succeed in measure meant by Me—measure already provided—for it's not based on Me.

2. So many trying so hard to do the right thing—based on the wrong foundation. To Me they must come. To Me must they surrender. To Me must the oil of time and effort and energy be directed, be broken over, and poured out upon Me—so that I can pour out among them, among them, on them, in them, through them. The wrong model.

3. Your model, your model—begins at the foot of the Cross in complete surrender—surrender, surrender until complete surrender—to mold the foundation of Truth in My surrendered.

4. So many, so many, so many so sincerely wrong—seeking after that which will never satisfy or complete or compliment their passion—never release them to be them—never release them to walk fully in My design, for the foundational focus is wrong—in error mighty, in magnitude of opposite proportion. Oh Ted, tell them, show them, demonstrate My glory and redirect their attention and surrender to Me, and arise them from serving mammon to serve Me.

5. Ted, you're getting it and you'll give it, give it, give it across the globe you reside on. You'll give and give and refocus My sincere on Me, turning their head, their hearts, their gaze, from money to My throne room, My throne room, My quarters where I am and I reside and I watch and I wait for all who will enter into Me, wherever they are, in the wee hours, in crisis, in expected times not—but here, there, with them I am.

6. I am with you and I am calling you to turn the heads of My people away from that which they think they need to do My will—be My people—accomplish My design—create—discover—synergize with.

7. Oh Ted, oh My body—awake, arise, wipe the dross from your eyes and see Me in these words which so poignantly premise that—
Your only hope of fulfillment is in Me—
Your only hope of fulfillment of My design for You—
Your only hope of fulfillment of My requests—
Comes from Me, from Me, and not through mammon.

8. What do I want say today? Fast day 4, fast day 4, fast day for My surrendered—see Me, see Me, and see Me not through the eyes of mammon, see Me not needing

mammon. Mammon is servant, a tool, under My feet, and not to be worshipped as you do so often, almost all of you.

9. Even in My house—even in hearts so close to Me—closed to My truth about mammon. Open them I can, I have the power, but I respect My creation and wait, wait, wait I do, for those who will open to Me in the areas of Truth that they seek to displace the error they hold so dear, so close, as truth.

10. Money never validates ministry.
Money never validates My word.
Money never validates My calling.
Money never validates the obedience of My surrendered.

11. Oh Ted, guts you have to read the words of My heart and write what you hear from My voice, My voice, My Spirit into your spirit, My Spirit into your thought processes—so that your brain can get it through your hand and through your pen onto your yellow tablets, for My body, for eternity.

12. Praised, elevated, sought after, are all who elevate Me over mammon, and will but question, challenge the assumptions of supposed truth, operated on for centuries.

13. Oh open to Me and hear Me and hear Me well, hear Me loud and clear—My Mine, I come and I call and I speak and I confirm and I am not dependent on money.

14. Come to Me and let Me reveal Myself to you so you can experience My glory, My provision, My relationships, where provision comes, where creation in synergy comes from and through My Spirit to those in concert with Me, Me, Me.

15. Oh Ted, power and glory and honor and provision and adventure for those you help to see Me, clarifying Me and getting their eyes off of the distractor of distractors, the destroyer of destroyers, the diverter of all diverters, the delayer of those who want Me so badly but never open to Me in the areas of money so that I can teach them, and lay out for them My truths about how I relationship people and create, create, and create and depend not on money.

16. Ted, you read it at Nelson's this morning, "Seek Me first," and all you need, and so much more, will you enjoy. First, first, first—Matthew 6:33—Ted, so plain, so plain, so boldly stated—radically oppositional to the model My body works on mostly.

17. Intellectual pursuits of mammon made models My people walk out day after day and wonder where I am, and why provision is not manifested. So little, so many experience so little of My provision for they choose to operate at the lowest levels possible, so often, seeking money, money, money, and never truly opening to Me in surrender, complete surrender, surrendered surrender.

18. Leadership—this is why I am giving you such strong leadership Ted—to lead the leaders to full empowerment—them allowing Me to empower them, from My heart, models of righteousness and creation and not of mammon.

19. Time is short—much change, much chaos, but peace for My surrendered who learn, who open to being taught of Me and shun not the revelation of truth through My true prophets, My true Mine, all My true Mine, who quest only for Me, and not lifting themselves.

20. So shallow—are the mighty-able, who puddle around in puddles when they could river in Me, if they let Me river Myself through them. But I must come in and clean and cleanse and reorient and be given permission, because I choose to, I choose to, I choose to respect My creation's will. I gave each a will—a chooser—a mind, a brain, a physical-spiritual-emotional system to see-feel-experience, and become. And they choose, they choose, all choose.

21. My principles of leadership are so plain, laid out so plain for all to see.
My principles of relationships are so plain, laid out so plain for all to see.
My leadership is based on My relationships and My relationships are not based on money, money, mammon, greed, control, baseness of man's flesh.
Who am I?
What do I do?
What did I do?
See Me and how I operated and insight gained will propel into insight needed.
Foresight given to those with insight.
So plain, so sterile, without relationship.

22. I come, I call, I enter, Ted, you enter, we operate as one—as much as you let Me—dependent on you—you choose. I am here. I am there. I am with every sincere seeker who will enter Me and I enter so that oneness offered become oneness in interexchange—beauty derived, beauty created, beauty personified, beauty broken before My body to beautify My body, of true beauty, of truth, of My love, My caring, My nourishing, My elevating, My promoting, My befriending.

23. To seek mammon is to seek that which destroys life—life as I made available. Did I not say I'd come where even 2 or 3 are together in My name—who want Me—invite Me, and allow Me to speak, touch, guide, provide, correct, connect, and Ted, create?

24. Open the eyes of My people to the power I have given them and watch them, them, those who embrace My models of Me that change every day—yet adhere to My logic, My power, My prowess, and systems and orders you have not accessed yet.

25. My mercies are new every day. So plain, so apparent, so in-your-face—if you see them, if you see Me, ever so close, ever so intertwined in relationship, to the degree which you allow.

26. Maturing, maturing, maturing you are, you will, exponentializing My body to operate on Me, in Me, of Me, Me, Me, Me first. Me first, Me all—all Me, Me, Me. And see Me more in power and creation like never before—like I've never been allowed to do—not fully, not close, not close, but possible.

27. Mature the maturable who will let Me speak ever-new creations and revelation and provide correlations and connections of people and relationships and ideas and creativity which comes forth tangibly into fashions fashioned by Me, by Me, by Me, through you and them.

28. Chaos and comfort, chaos and comfort, chaos outside, but comfort inside the soul, the mind, the encompassing creation of My hand.

29. Grasping My truths you are, and taking authority you are, as you must, to de-destitute My sincere who follow Me through mammon, inverting their thinking to comprehend and operate on Me, in Me, of Me—Me first—allowing Me to relationship and synergize and provide of My provision.

30. Money makes mole-hill-ers out of My mountain-ers.
31. Money reduces man to lower levels of consciousness rather than releasing My creativeness.
32. See Me, see provision, see creativity, see freedom, see relationships, see correction, see connections, see directions—see Me, see Me, see Me.

33. Now go and take authority continuously over mammon and sinew-destroying mechanisms of not-Me.

34. Leadership—lead.
Leadership—release.
Leadership—explode.
Leadership the thought-un-leader, to lead in My power, My promises, My provision, in relationship with Me and My great big body.

My reservoir of provision never depletes—
Ever-new, ever full, ever waiting—
For you, for yours, for them—
From all four winds—
Who choose, choose, choose to operate by Me, in Me, of Me, for Me, in freedom they have yet to imagine.

Open their eyes, open their eyes.
Thank you. Thank you. Thank you.

35. Lead the leadership of Me, and that Ted, will only be done in meekness, meekness, complete meekness, meekness, surrender, honoring them, deferring to them, ever-meek, but so powerful in Me, for I am love and I love and I love more deeply and encompassingly than graspable.

36. Teach My people to write.
Honor those you detest.
Allow them to hear/see Me through you.
Honor, honor, honor.

Require diligence and operate in it yourself.
All, all, all.

37. You come, I come.
You go, I go.
We come—we are—we never leave.

38. Open to Me more and mature in your leadership for Me.

39. Make Me so plain they can't miss Me, unless they just want to.

40. Do I care about accreditation?
I care about truth. I care about My truth. I care about all Truth.
Walk forth in what all you have and watch Me.
Watch Me relationship, watch Me create.
Watch Me lead.
Watch Me as I watch My Father.
Embrace Me more and watch Me and befriend Me more and watch Me—
Embrace Me, enjoy Me, enjoy what comes forth.

Great honor, great power, great liberty and freedom—
For many, many, many—
Sustained in humility, meekness, honor, and love—
Sustained in Me, Me, Me.

41. See Me more in every verse you read.
Allow Me to connect Truth to Truth in every book and reveal untruth to you in books you study that have some truth.
So mixed up are so many.
But I come, I call, I confirm, I correct.

42. I am wisdoming My people who allow Me—
And creating things of Me never seen before.
Enjoy, enjoy, enjoy Me.
Enjoy your uniqueness.
Enjoy your lack.
Enjoy your abundance.
Enjoy your relationships, with Me—
I come—I connect.
Powerful relationships—I now come, and connect, connect, connect
And you all build on Me and not mammon.

I come. I create.
I come. I create.
I rejoice.
I thank you.
